

Leveraging Technologies into Workplace Safety and Health Training

Synopsis

Digital trends are ever changing and as professionals in Workplace Safety and Health, it is vital for individual to keep on top of the digital technologies and trends that impact training and the way employees learn. This session will provide professionals from the Workplace Safety and Health Sector involved in training, knowledge and exposure of technologies available to improve the effectiveness of teaching and learning in the training they facilitate. Participants will have opportunities to explore some of these technologies hands-on with the use of their mobile devices and laptops.

Objectives:

By the end of this session, participants should be able to:

- Describe the benefits of leveraging technologies into teaching and learning.
- Identify use of various technologies for activities in the classroom and online.
- Experience the use of some of these technologies as a learner.

Topics:

- Benefits of integrating Technology in Teaching and Learning Training
- Types of Technologies to Explore
 - Webinars
 - e-learning development tools
 - Podcasts
 - Learning Management Systems.
 - Including Interaction in Videos for Online Learning
 - Applications used to enhance learning and interaction in the classroom
- Group hands-on exploration and prototyping
- Group Sharing and Presentation
