SGSecure: Safeguarding through bizSAFE

Synopsis

The SGSecure national movement is Singapore's community response to the threat of terror. It aims to sensitise, train, and mobilise our community to prevent and deal with a terror attack.

This program provides all members and various in-house response teams at the workplace with the required skills and knowledge to prepare, mitigate, respond and promote recovery during emergency. Emergency preparedness includes anticipation to all types of incidents resulting to bombing and explosion. This will certainly reduce the fear, anxiety and losses that accompany most incidents. There will also be sharing of the recent and past incidents that took place locally and overseas.

Who should attend

WSH Professionals, WSH Auditors, Business Owners, HR Managers, or anyone who is interested in this topic

Trainer

Mr Danny Toh has more than 30 years of experience in emergency response and preparedness in civil defence. With these experiences, he is able to share practical examples of past real-life incident cases on lessons learnt during his times in SCDF.

Some of his development works include reviewing and updating emergency response plan and crisis management, conducting risk management of the scenarios for the various exercises and drills. Apart from that, his other notable works involves developing safety rules and regulations and policies for in-camp training for CD NS during the SARS period, facilitating Fire Safety Manager Course and Management at Ngee Ann Polytechnic as well as, being appointed as SCDF Prosecution Officer for court cases committed by offenders.

Outline
