

ISO 45001:2018 Occupational Health and Safety Management System (OHSMS) Internal Auditor Course

Synopsis

ISO 45001:2018 Occupational health and safety management system (OHSMS) is the world's first International Standard for occupational health and safety (OH&S) that provides a framework to improve its OH&S performance proactively. It provides a robust and effective set of processes to help organizations of all industries to increase safety, reduce workplace risks and improve health and well-being at work.

This course will provide participants with the skills and knowledge required to plan and conduct effective internal audits on ISO 45001:2018 OHSMS. This course will provide the learners with the overview of the framework, the methodology of ISO 45001:2018 Health & Safety Management System, as well as the applications for an effective Health & Safety Management System. They will learn to apply the ISO 45001 changes effectively to an existing OH&S management system. Key differences with its application will also be highlighted during this workshop for discussion.
