

Effective Team Engagement for WSH Professionals

Synopsis

A mistaken mindset and idea of an effective team engagement on employers or management level is related to an employee's job satisfaction. The actual fact is, empowering employees to be committed to the company and its goals. This course gives participants the basic principles and practices of effective team leadership to help them achieve organizational goals and objectives. In particular, they will develop self-leadership skills and awareness, how to build trust and team spirit, provide meaningful feedback and support, and avoid common leadership mistakes.

Objectives

At the end of this workshop, participants will be able to:

1. Learn conflict resolution in a team
2. Adopt strategies to empower team members
3. Understand the importance of team engagement and how it affects work productivity

Who should attend

WSH Professionals, Managers, Advisors, HSE Engineers, Executives and anyone who is interested in understanding the topic

Trainers

Our trainers are at the forefront in personal development and leadership training. They are well-qualified professionals in their respective industries who also possess relevant experiences.
